

FIVES PILLARD PROFILE

fives pillard

2012

Fives Pillard

designs and supplies combustion equipment since 90 years for major industrial customers, all over the world.

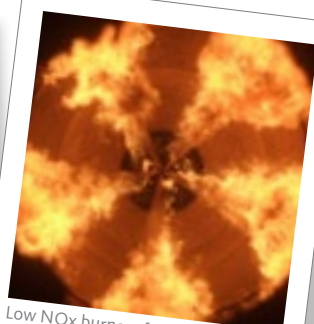

Average sales **€73 million**

Over **420** employees

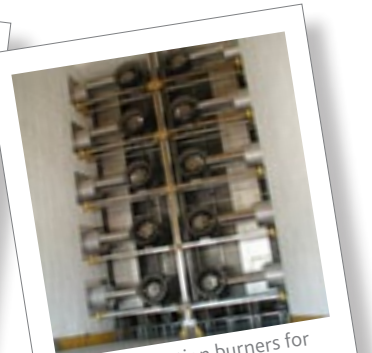

ENERGY

Combustion equipment from 5 MW to over 100 MW per burner

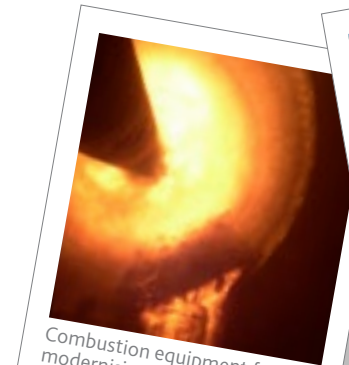

Low NOx burners for the lowest pollutants emissions when firing NG, HFO or other

Post combustion burners for HRSG and combined cycle

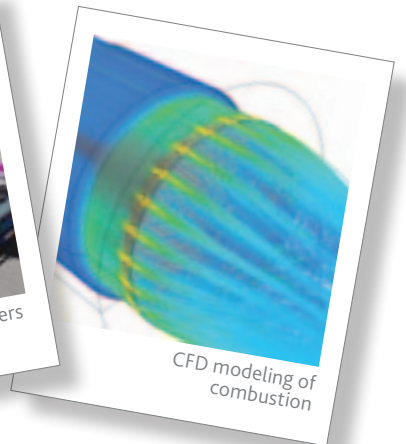

MINERALS

Combustion equipment for modernising mineral industry

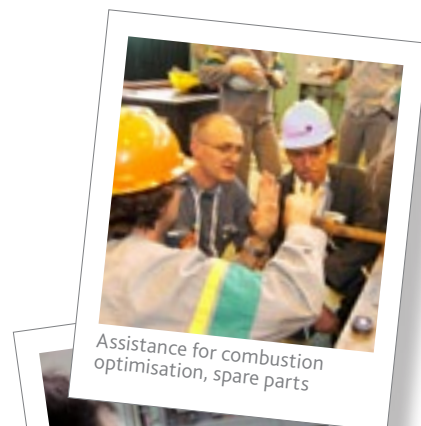

New NOVAFLAM® kiln burners

CFD modeling of combustion

AFTER SALES SERVICES

Assistance for combustion optimisation, spare parts

Training courses in combustion and automation

ANALYSERS & INSTRUMENTS

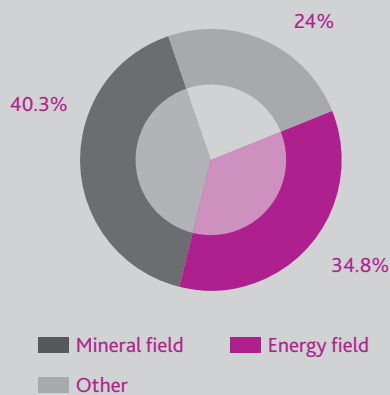

Analysers and instruments for burners and combustion process

Analysers for road tunnels

Combustion instruments conform to last EC standards

2012 key figures

5 companies

FRANCE (head office)
SPAIN / GERMANY / CHINA / INDIA

With more than
25 operational agents

More than
100 patents registered

France

AN INTERNATIONAL ORGANIZATION BASED ON A WORLDWIDE NETWORK OF SUBSIDIARIES AND AGENTS

A RESEARCH & DEVELOPMENT POLICY THAT DRIVES PROGRESS

- An in-depth understanding of heat transfer and flames
- A long expertise in combustion of any kind of fuel
- A process expertise applied to a wide range of industries
- A focus on customer priority targets
- The mastering of CFD modeling tools to assess solutions
- A dedicated research center with 3 test furnaces and a 12 t/hr firetube boiler

MEETING THE REQUIREMENTS FOR SUSTAINABLE DEVELOPMENT

→ OUR DAILY CHALLENGE

- Increasing the thermal efficiency of plants
- Minimizing pollutant emission (NO_x, CO, Dust, ...)

→ DESIGN, MANUFACTURE AND START-UP

- Investing in skilled and dedicated people
- Creating strong and efficient relationships with suppliers applying our philosophy
- Insure a constant surveillance of new standards and technology
- Keeping ethical policy with clients and suppliers
